Six billionaire corporations control 90% of all “news” outlets in the United States. What we know about our world (and politics) is decided by [them]. They lie!

## Pick Your Own Top 10

Independent news cannot be controlled by globalist billionaires. Each of the following publishers, editors and/or authors do their own research and stand on their own reputations. Just like our favorite movie critic, if they don't 'fit', we move on.

Note: In most cases we do not have to have an account to click on a link and read the post. Bookmark our favorite links in our NEWS Folders and return to them for the most recent posts.
