The Inauguration that Wasn't

March 1st, 2021

Saints and Sojourners, this article is written for those that have been following the unfolding story of our world at war. Were we stunned to see Biden-Harris inaugurated after so much election fraud? We ask why our military could have allowed it and why Donald Trump walked away with a smile. In the past seven weeks we have watched our nation apparently decimated by dozens of Leftist Executive Orders... or have we? Let me tell you what I believe I know...

In my previous article we discussed the following facts. These are not negotiable:

1. Epstein Island was a pedophile hunting ground for the Global Elite
2. The Chinese Communist Party (CCP) unleashed global biological war
3. The World Health Organization (WHO) is controlled by the CCP
4. The Trump administration responded to the virus with a war posture
5. Fauci and the CDC willingly take orders from the CCP/WHO
6. Our 2020 election was overwhelmingly fraudulent (News Flash: Trump Won...Big!)
7. Voting machines used in 27 states were built to be exploited
8. The Gates-Fauci vaccine is the first public trial of coded a mRNA messenger to our DNA
9. HCQ and Ivermectin are effective against COVID but are blacklisted by the Elite
10. The Inauguration ceremony was prerecorded. Why?
11. Big Tech has been blocking and deplatforming all conservative speech
12. The DC assault was a preplanned Leftist "False-Flag" to blame Trumpers

The bottom line is that the free world is at war with *Communist* China and the world's Global Elite, who together have launched a final takeover through *the destruction of the world's Middle Class*.

Communist societies cannot function with a Poor Class that aspires to be Middle Class, and a Middle Class that aspires to move in Elite circles. Who are these Elite? Names like Rothschild, Soros, Windsor, Annenberg, Astor, Clinton, Obama, Bush, Pelosi, McConnell, Schiff, Feinstein, McCain, Romney, Kerry, Fauci, Gates... etc. Know that these Elites transfer money and power through their *bloodlines and arranged marriages*

just like the Royals of Europe. We can see the main players best by counting the heads of the United

Nations, the World Health Organization, the Bilderberg Group, the Trilateral Commission and the Council on Foreign Relations. A good estimate number of the world's Elite has been suggested at 3,000.

The Cabal is primarily funded through drug running, arms dealing, and human trafficking. These extended family enterprises have been controlling *all* the world governments for generations and are primarily based in Saudi Arabia, the United States, Asia, Europe, and Israel. The modern Cabal seems to have coalesced following WWII when the free world's clandestine intelligence agencies were built upon Cabal leadership at the expense of their host nations (TBD). We will find that Deep State leadership in the CIA has been conspiring with their counterparts in the UK, Australia, New Zealand, Canada, Italy, Ukraine, Iran, China, Israel and others against the American people in general and the Trump presidency in particular. Moving forward we will all have to think differently.

In opposition to the Cabal is the "Alliance". The Alliance is a consortium of nations and old world families that have grown tired of the Cabal's excesses and crimes. The Cabal has been using the corrupt US Military Industrial Complex and UK and Italian 'Banksters' to pick the bones of the less industrialized world. Nations like Iraq, Syria, Haiti and much of the African continent are simply feeding grounds for the Elite.

The Trump family is one of the Alliance families. Alliance senior military leaders include patriots like Lt General Mike Flynn, who served as the director of the Defense Intelligence Agency, and Admiral Mike Rogers, who served as the second commander of the United States Cyber Command. Our Military Intelligence operators have watched these crimes for decades and know where the

bodies are buried...literally. For decades they have been silenced through security classifications and non-disclosure agreements. Under the leadership of Trump (no accident), Flynn, Rogers, SecDef Miller and a number of active and retired military have been supporting military operations against the Cabal since at least 2017. We are in a global war against drug runners, arms dealers and human traffickers... especially child traffickers, and those who control them.

Now, let's discuss the Biden Inauguration.

It appears that every US administration since WWII may have had a Deep State POTUS or Vice President that worked directly for the Cabal. Kennedy, Reagan and Trump were elected in spite of CIA (Cabal) intervention but were forced to accept Deep State Vice Presidents. The Cabal assassinated Kennedy (replaced by Johnson) and attempted assassinations on Reagan (Bush 41) and Trump (Pence). Since Day #1 following Trump's amazing victory in 2016, the Alliance has gone after the Cabal and the Cabal has been on Defense. Donald J. Trump was selected by the Alliance to be their front-man in the war against the Elite. Does this sound like a Tom Clancy novel? It will get a lot more interesting.

In 2017 the Alliance took down the Cabal kingpin, Saudi Arabian Prince Al-Waleed. After an attempt on Trump's life, Trump went to Saudi Arabia to offer King Salman bin Abdulaziz Al Saud a deal he couldn't refuse. Al-Waleed was arrested and MBS took his place. President Trump gutted the leadership of every US intelligence agency except the CIA (hopeless) and replaced them with American Patriots; all while simultaneously conducting a hot war against our CIA, FBI and DOJ insurgents. With great difficulty and loss of life, our Military Intelligence operators seized our CIA's supercomputers and satellites and secured our NSA's database and hacking operations. Obama purged almost 200 senior military officers and replaced them with those loyal to the Cabal (knowingly or unknowingly). Only our military's Oath of Office pledging loyalty to the US Constitution is preventing a meltdown within the ranks. All of these operations happened right under our noses and the corporate controlled mainstream media told us...nothing! Do your own homework. Use this article to research backward. Look at the times, dates and players and be amazed. We all have a keyboard and a search engine: www.duckduckgo.com.

Beginning with the 2018 election, Admiral Mike Rogers has had the US cyber operators laser focused on digital election fraud. Every packet of information that traveled electronically was captured and evaluated. Every crooked politician and election official has already been identified. This was repeated in 2020. As our guys like to say: "We have it all!" Do you know we currently have *234,000 sealed indictments* waiting to be served? (<https://bad-boys.us>)

As discussed elsewhere, the 2020 election was rigged big time. The Cabal used international computer and satellite assets to switch votes in real time. Attackers included China, Italy, Venezuela, Germany and others. "We have it all".□ So... why no arrests? What happened in DC during inauguration weekend? Why the big build up and then *poof* silence? I will relay some Backchannel

chatter (non-direct communication) and then give you my opinion. Chatter suggests one of several things: The arrests were called off due to a threat to harm hundreds/thousands of troops in DC, and the White Hats chose to back off. Or, the fact that the inauguration was pre-recorded meant the White Hats couldn't get enough of the right Black Hats in one place. Or, the White Hats meant to go silent and leave the Cabal hanging. I found the way Barry kept looking over his shoulder, amusing. All in all, I am throwing my hat at Door #3 (for you old

folks). It now appears that the silence was (rightly) planned. Not only has the failure to arrest them all at the inauguration deeply disturbed us; it has deeply disturbed the Elite.

I am now convinced that the US Military is constitutionally in control of the United States. Biden knows it. Pelosi knows it. McConnell knows it. And our corrupt mainstream media know it. The staged Biden-Harris photo ops are eye-watering for those of us who know what to look for. I was stationed at Andrews AFB and Karen and I have both been on the 747 and C-32 (757). Karen flew on one of the C-32s. Have we noticed that there have been no interior shots of Biden on these aircraft and almost no wide-angle video? Green screens and body doubles are real. Nuts? Pay attention and watch!

Now, following the inauguration *the White Hats have set up this mousetrap*: If the military moves in, the Cabal will use their corrupt media to drop the proverbial match in gasoline while crying "Coups!" Then our cities will burn to the ground and the Republic is history. On the other hand, if the Cabal overplays their hand and endangers the Republic, the military will move in anyway. Mexican Standoff? Not quite. Our military is holding the Cabal by the throat while Donald Trump and Mike Flynn kick the American people in the butt to get back into participating in the election process. We all demand our "Rights" but most of us have seriously neglected our responsibilities. I now see why the military could not move in. Only 20% of Americans are willing to look at any information not filtered by CNN and FOX. Sad! Many of our Conservatives and Christians are asleep at the switch. Imagine what would happen if our military seized control, arrested all the bad guys, and held honest elections. In ten years we would be right back where we are now.

There are so many more details and revelations to come. At this point they are simply details. President Donald J. Trump made it very clear on Sunday that he will be 'with us' during these next several years as we get our act together. DJT explicitly pointed out, by name, every RINO that needs to be taken down through a peaceful political process. *Do it!* He gave us a specific list of Election Fraud targets that need to be cleaned up locally. *Do it!* He also stated that if the Federal

Government won't do it, *the States better do it!* If we believe we were cheated in the 2020 election we are expected to participate in the election process and to teach our children and grandchildren to do the same. Volunteer to work the polls; volunteer to work for an ethical candidate; make darn sure that somebody with a pen, a keyboard and a mouth attends every council, commission, and school board meeting. Ensure our churches and fraternal organizations are sponsoring an ethical candidate and hold him/her accountable.

What about Biden's Executive Orders and Liberal/Cabal shenanigans? Our military will ensure the bad guys don't burn the house down while we get things in order. And remember the 234,000 sealed indictments. We will see weekly, if not daily revelations of corruption and evidence that the world is not governed as we have believed. Expect to live in some kind of cognitive Twilight Zone for many years to come. Learn to expect new revelations that run counter to our school history books. And always remember that there is a God, His name is Jesus, and He loves you. This was all planned from the beginning. Pray – Rest – Get to work!

In closing, we have some hard ground to cover between now and 2024. The White Hats are in control but Satan isn't chained yet. Sound familiar? Two last items. 1. If you are a militia type; stand down; defensive posture only. 2. We all need a change of "Battle Rhythm". Some of us have been at this full-time for years. All of us need to take a breather and then list all of our gifts, skills and talents. Gather in working groups for creativity, support and influence. Leaders lead! What can we bring to the fight *-locally?* Go big or go home.

Grace & Peace,
