### Chaplain Rob's Current Top Links

I get my new from the same places that mainstream media gets their news. The difference is...I don't lie.

These links give me access to information for almost everything I post. We all have different interests & missions. We are at war. I watch the Big Chess Board from a Biblical perspective.

Independent Video & Podcast News posted below.

Six billionaire corporations control 90% of all “news” outlets in the United States. *They lie!*

Must we get our worldview from CNN, FOX, MSLSD, NPR, ABC, CBS, NBC, WaPo, NY Times, Politico, Daily Beast, Salon, Mediate, Talking Points, Associated Press, Reuters, BBC, etc.? *Turn them OFF!*

- Notes: 1. The news networks promoted by Bing and Google News mislead or outright lie.
2. Be careful of fraudulent sites: e.g., General Mike Flynn is often not General Mike Flynn.
  3. There are many well-followed and “respected” frauds, shills and black hats out there. Think!
  4. ALWAYS dig for original sources until we are willing to trust someone with our own reputation.

## Pick Your Own

Independent news is not controlled by globalist billionaires. Each of the following publishers, editors and/or authors *research for themselves* and stand on their own reputations. Just like our favorite movie critic, if they don't 'fit', we move on.

### The Narrative:

To understand what is happening is to understand *the correct* narrative. Humans learn by hanging facts on a predetermined narrative. For example: If Israel/Palestinians are Good/Bad, then our brains' accept or reject facts based on our pre-existing beliefs. Today's 5<sup>th</sup> Generation Warfare is a sophisticated, military-level battle for our minds. Let's all be very careful to withhold judgement on who/what is good or bad. Are we more focused on international corruption than in our nations? Think and research for ourselves. We are at war.

### A Word about Elon Musk and "X" [Twitter]:

Twitter was the #1 news site in the world. It was the personal blog of millions including the Elite and well-connected. The owner and editor was Jack Dorsey [@Jack] who is a very evil man. Along with ALL corporate social media, Twitter blocked ALL conservative posts and discussions immediately following the rigged election of 2020. Elon Musk is an very 'interesting' man and a White Hat who outmaneuvered @Jack and purchased Twitter for \$40 billion dollars. LTG Flynn stated that 'Musk's purchase of [Twitter], now called "X" was the price of free speech'.

### Corporate Media is Dead

WE MUST CHANGE! We must turn off the TV news; it is poison. The Black Hats are using all corporate news, to include the supermarket rags, "Fact Check" sites, and liberal 'intelligencia' rags such as Rolling Stone, The Atlantic, Time, etc. *to change the narrative*. Most often it is not what [they] report. *It is what [they] don't report*.

Think! <https://youtu.be/C-4HOgULcd8>

Is the problem Trump? "Debunked?" "Baseless?" "Conspiracy Theory?" Bet you a blackened prime rib dinner it is not... how do we know? We research on our own and we think for ourselves.

At <https://truthforthesoul.com> we only publish sourced and vetted information. We always stand publicly accountable for the content.

## The Correct Narrative:

The Globalist Elite and the Chinese Communist Party [CCP] have spent decades preparing for their move to create a one-world communist government. This includes well-placed treasonous politicians and political appointees in many nations, aka The Deep State. This also includes control over the world's medical system [W.H.O.], and corporate media. The Elite's 'muscle' has been our corrupt Intelligence Community [IC] led by our infamous C.I.A., followed by, Antifa, BLM, several gangs to include MS-13, and regrettably many NGOs to include our liberal churches. Our US Military Intelligence (MI) is the only member of the IC that was not severely corrupted. Just prior to leaving the White House, President Trump shifted control of *Special Operations* forces units under a single, insulated chain of command. "Special Operations Forces include all units that fall under the U.S. Special Operations Command (USSOCOM) - which includes Special Forces, also known as the Army's Green Berets": <https://www.uso.org/stories/3143-above-and-beyond-what-to-know-about-special-operations-forces-and-special-forces>

Our Military Intelligence and Special Operators are in a heated battle with our corrupt Washington DC Swamp for control of our nation and the world. *This is the baseline narrative.* All "News" that does not fit this narrative is at best, wrong. Let's do our own homework as everything stated here is Open Source Intelligence. Let's think for ourselves, and let's get into the game. The winners take everything. The losers die...literally. How many booster shots have you taken? How often have you cheered on 12 million unvetted migrants pouring over our borders and destroying our cities? How often have you cheered on billions and billions of dollars poured into foreign oligarchs and the Military Industrial Complex? Did you look the other way when the DC Swamp left almost \$100 BILLION of our highest tech equipment behind in Afghanistan for the CCP? Do you believe this was an oversight? Incompetence? Did you fly the Ukraine Flag [a CIA Black Site]? Did you know that our strategic petroleum reserves and our nation's munitions have been drained dry? Did you get caught up in the Racism, Sexism, Transgenderism, Diversity, Equity [Communist Doctrine], Inclusion - *PSSTOP?* God's mercies are new every morning. Let's stick our heads' in ice buckets, dust ourselves off, get off of corporate media and get back in the game. Remember, the losers die!

## The News and Social Media platforms are the battlefield for our minds:

The US Military Intelligence pillar created a foundation for self-selected "Citizen Journalists" on which we do our own research, think for ourselves and *post completely independently*. Truth For The Soul – <https://truthforthesoul.com> - (TFTS) is one such node of public information. Each Journalist publishes their own information based on their own personal preferences. At TFTS we specifically watch daily postings, to include our main White-hat players: Trump, Flynn, Posobiec, Grennell, Scavino, Nunes, Kash Patel, Grassley, Jim Jordon. There are many shills [double-agents, money and power hungry] within our Alt News community. Be very careful who we follow!

Did our own military take a shot at Air Force One in 2018? Do our own research and think for ourselves. Everything is Open Source! [ "Rothschild" ]

## **The New Center-Right (Independent) News**

*Some of the new news sites require login and/or subscription. Support honest reporting. At TFTS we have published for almost five years, full time, without accepting a dime from any source. God directs and God provides.*

NOTE! Getting an X account is free and takes only a few minutes. If we have an X account and stay logged in, each time we click on another's main site *we are taken to their most recent post*. If we do not have an X account or we are not signed in, and we click on another's main site link, *we are taken to the site's most popular posts*. It is annoying but it is what Musk does to increase traffic. If we are going to do our own research we will need an X account.
